

SEQUESTRATION (Surrendering of Estate)

It is confidential, affordable and it works -all you've got to lose is your debt....

(Print, Complete, Scan and Send to: Willie Jordaan Attorneys - wjordanprok@icon.co.za)

Everyone is currently under severe financial pressure and the current "lockdown" is aggravating the problem.

Fortunately, the provisions of the Insolvency Act of South Africa provide a workable solution for people with R50,000-00 and more debt.

We will contact you and discuss the full procedure, operation, pros and cons by telephone (or in person if possible). This will be done as soon as we receive the completed information from you.

Don't worry, your information will remain private, and we will not proceed with further steps if we have not received clear instructions to the contrary.

However, we need the information to enable us to advise you properly. We will also use the information to answer your first question: "WHAT WILL THE COST BE?"

It is therefore important that you complete this document properly and return it to us via email: wjordanprok@icon.co.za, we will contact you with advice as soon as possible.
